Education Technology Specialist

Summary

Education Specialist with 10+ years in education and 2 years leading pedagogical consulting and technology implementation projects across 10+ public schools, impacting over 5,000 students.

Experienced in designing scalable programming curricula aligned with national standards (BNCC), training and mentoring 12 instructors, standardizing teaching methodologies, and participating in pedagogical and business-level decision-making.

Combines systems thinking, leadership in educational innovation, and hands-on frontend expertise (React) to design, implement, and scale technology-driven learning ecosystems.

Positioning for leadership roles in Educational Technology Strategy, Coordination, and EdTech Innovation.

Leadership & Strategic Impact

- Led curriculum restructuring for programming education across 10+ public schools.
- Contributed to strategic expansion decisions through active participation in pedagogical and business meetings.
- Standardized teaching methodology to ensure quality, scalability, and consistency.
- Trained and mentored 12 instructors, building internal teaching capacity.
- Impacted 5,000+ students through structured technology programs.
- Conducted school technical visits for implementation oversight and quality assurance.
- Contributed to the reformulation and modernization of a Computer Science program.
- Designed and implemented an internal digital assessment platform to improve learning tracking and performance analysis.

Education Technology Expertise

- Curriculum Architecture (BNCC-aligned)
- Educational Systems Design
- EdTech Implementation Strategy
- Teacher Training & Instructional Leadership
- Learning Assessment Systems
- Stakeholder Alignment (Public & Private Education)
- Pedagogical Standardization
- Educational Innovation & Program Scaling

Technical Background

React, Styled Components, Tailwind, JavaScript (ES6+), Responsive Design, REST Api's, Firebase, Testing (Jest, Cypress), Figma, Web Performance, Web Accessibility, SEO, Git & Github, Deployment.
